

## THE NEW DIRECTOR.

PROF. F. H. MERRILL, THE Y. M. C. A. GYMNASIUM INSTRUCTOR.

## HE COMES HIGHLY RECOMMENDED.

Is a Graduate of the International Training School of Springfield, Mass., in the "Gym" This Season-Splendid Batting Pin In.

From all accounts the Young Men's Christian Association Gymnasium has secured an excellent physical director in Mr. F. H. Merrill, the new instructor who is to take the place of Professor Schatzel.

Mr. Merrill, whose home is in Nashua, N. H., leaves the gymnasium of the Young Men's Christian Association at Hudson, Mass., to come here, and his record at the latter place is a splendid one. The new director is a graduate of the International Training School, of Springfield, Mass. Physically, he is a splendid proportioned man, weighing 175 pounds, and being 5 feet 10 inches in height.

The gymnasium this year will be more

Prof. F. H. MERRILL.

(New Physical Director of the Y. M. C. A.) attractive than it has ever been before. It has been thoroughly overhauled and refitted. New lockers have been put in, and the baths are the finest in the city.

## NO CHANGE IN CLASSES.

There will be no change in the number of classes this year. The business-men's classes will be held on Monday, Wednesday, and Friday evenings, at 8 o'clock; the young men's on Tuesday, Thursday, and Saturday evenings at 8 o'clock; the leaders' class Monday evenings at 8:30 P. M.; the juniors' (for boys between 8 and 12 years of age), on Monday and Wednesday afternoons at 4 o'clock and Saturday mornings at 10 o'clock; and the Sunday school at 10 o'clock.

Individual instruction will be given at any time after 2 P. M., except during class hours. In addition to the class work, basketball and hand-ball will be played regularly during the season. An attractive feature of the gymnasium work will be the exhibitions and contests which will occur at stated intervals.

## SPLENDID BATHS.

The value of the baths in connection with the gymnasium has been fully recognized, and no expense has been spared to make them the very finest in the city. Indeed, there are none like them in Richmond. One room contains eight sponge-baths and two shower-baths for the use of the members. There are also three individual tub-rooms, each vessel being provided with a hot-water supply. Besides these there are three individual showers, sponge and needle-rooms for private baths. A first-class toilet-rooms are also provided. The main floor, which is a feature that has heretofore been lacking. The special privileges of the association this year will be extended to members only, though, of course, the public is always welcome in the reading-room.

## THE REOPENING.

It is impossible to say just upon just what date the new building will take place. The Evening College, however, will begin its session Monday night, October 13th, and will be accommodated in the reading-room until the second floor of the building is ready for occupancy. It is expected that the formal opening, when appropriate exercises will be held in the magnificent hall, which is now the most handsome in the city, will take place some time during the latter part of this month.

## REPUBLICANS RENT THE ACADEMY FOR A FEW OF THE FORTNIGHT.

The Republicans of this district are blowing in Mark Hanna's money in an appalling manner just now, and if it were not for the fact that Mark has exhausted his resources he would soon have to call a halt on them.

## A SUBSTITUTE INTRODUCED.

At about twenty minutes to 9 o'clock Mr. Smith, together with Mr. Wray T. Knight, and one or two other Republicans, walked out on the stage, and began their address. Mr. Smith, who was down-beside his lips indicated that he was not more than a man, even if he had reached the age of maturity. He was not abashed by his clumsiness, however, but was attired in a long-tailed coat, and wore his hand in his breast. He took his seat in the center of the stage, and Mr. Smith arose, and after apologizing for the absence of the two advertised speakers, said he had done the best he could, and gotten a young man from Norfolk, who happened to be present, and who said his name was Miller.

## TALKED AND TALKED.

Mr. Miller seemed not to care about the security of his speech, and talked with a vim that would have done credit to a man who was addressing thousands instead of scores. He grew exceedingly vindictive as he proceeded, assailing the Democratic leaders and their platform in most scathing manner. He went for poor Governor Altgeld in a most heartless fashion, and said that he was not wanting United States troops to enter Chicago. The speaker attempted to criticize Mr. Bryan, but he found before he had gone far that the people of Richmond will not tolerate harsh

words concerning their hero, and before he knew where he was "at," some one called out, "Three cheers for Bryan," and the roof almost went off, so loud did the crowd yell.

The first stop, soon, either, but continued for a minute or two, while Mr. Miller stood, and, looking on, realized that out of the very few present at least two-thirds were Democrats. He then turned to his language with a little discretion, and didn't attempt to assault Mr. Bryan again.

## DISCUSSED FINANCES.

He entered into a discussion of the financial question, and tried to make it appear that existing evils were the result of Democratic misgovernment. He didn't succeed very well in fact, he didn't succeed at all. He showed lack of familiarity with the financial question, and received many blows for his pains. He did advance some of the same old Democratic arguments, which have been promulgated by every Republican gold-bug since the campaign opened. He stood the listening for some time, and finally got mad, and talked back at those who were doing it. He said he didn't mind it, but his looks didn't bear him out in his assertion. He charged that all kinds of wrongs had been committed by the Democrats, and that the only way to get rid of them was to elect a Republican.

## CAUGHT HIS SECOND WIND.

Mr. Miller took his seat after having talked for an hour or more, and, catching a further inspiration from the music being played by the band, arose, and, after a consultation with Mr. Smith, advanced to the footlights, and said he followed by some of the best men in the number of those present left, but nothing daunted, Mr. Miller took a dream he recently had. It gave him a chance to indulge in many lovely metaphors, and he was driving at it. He concluded in about half an hour, and the audience was dismissed.

## ATHLETICS WIN THE GAME.

## They Defeat the McCabe Boys With Very Little Difficulty—The Live Up.

The first football game of the season was played on the gridiron at West-End Park yesterday afternoon in the presence of a good crowd, between the teams of the Richmond Athletic club and McCabe's University School. McCabe's boys put up a plucky game, but were outclassed by their opponents, the latter winning easily by a score of 3 to 0.

After fifteen minutes had been played, and this alone saved the McCabe boys from a more ignominious defeat. Had the halves been thirty minutes instead of fifteen, the result would have been very different. The McCabe boys were very greatly increased by the Athletics. The boys from the University school were on the defensive during almost the entire game, and were powerless before the rushes of their opponents, who gained their yards by a series of short runs.

The game was again through the center. The game was full of snap and ginger, and considering the very limited fraction of training the team work exhibited by both eleven was fairly good. For the Richmond Athletic club, William McIntire, and Eubank played a particularly strong game, while for the University school the work of Minor, Carr, Hill, and Lester was noticeably good.

## CLAY-WARD ACTIVES MEET.

## The Barton Heights Club.

The Clay-Ward Actives held their regular weekly meeting at Belvidere Hall last night. About one hundred members were present, and great interest was manifested in the work of the campaign, which is progressing energetically and promisingly.

## IN NEED OF A NEW JAIL.

## Council's Special Committee Comes to This Conclusion.

The Council's special committee on the construction of a new city jail visited the old prison yesterday and made a thorough examination of the premises, with the result that an opinion was reached that the city was sadly in need of more and better jail facilities. The members of the body who participated in the inspection were Chairman Gust and Messrs. B. R. Allen and H. W. Rountree. These gentlemen visited the several wards and cells, and discussed informally the crowded conditions prevailing in the court-houses, and they carefully considered the jail generally. It was the opinion of the members that the prison was in a very dilapidated condition, and that something should be done as soon as possible.

## A SUBSTITUTE INTRODUCED.

Dr. Gordon, the jail physician, was not able to be present, but his testimony as to the sanitary conditions of the present prison, it is said, will argue strongly for the immediate construction of a new jail. The Committee on Grounds and Buildings was to have concluded its tour of inspection yesterday afternoon, but failed to do so. Those who responded were Chairman Gust and Messrs. Rountree and Lawder.

## Shoekoe Council, Royal Arcanum.

This council will give another one of its quarterly entertainments at the Le Camp new hall, next Thursday evening at 8 o'clock. The programme on this occasion will be piano selection, Professor Rafferty; comedy, Messrs. Williams and Freeman; vocal, Messrs. Smith and Mrs. Crawford; Miss Ella Harrison; and Mrs. Charters; song, with guitar, Miss Thompson; song, with banjo, Mr. Eugene Davis; recitations, Miss Julia Bickers and Miss Lovenshine. Mr. Hall, the well known character impersonator, will also favor us on this occasion. The entertainments given by Shoekoe Council are always looked forward to with much delight.

## Admission tickets free for the members, their families, and friends, can be obtained at Dabney's ticket agency, 901 east Main, or from the committee—Messrs. Kemp, Booker, Verser, Arnsen, and Bickers.

## The Singer's President Here.

Mr. S. G. Bourne, president of the Singer Manufacturing Company, arrived in the city last night, accompanied by his wife and Vice-President Douglas Alexander, Mr. Bourne and party, who will spend several days here, and are stopping at the Jefferson, are travelling in his private car. They are en route to New Orleans.

## CITY OF MANCHESTER

MANY SPEECHES WILL BE MADE IN CHESTERFIELD TO-MORROW.

Politicians Representing Several Parties Will Be Heard at the Court-House—Contents of an Interesting Letter Made Public.

A number of prominent speakers will address the voters at Chesterfield Court-house to-morrow, and this, together with the fact that it will be court-day, will doubtless attract a very large crowd. It was stated last evening that Captain John Lamb and Mr. David L. Pulliam will speak in behalf of the Democrats, while Judge L. L. Lewis, with possibly a companion, will talk Republican doctrine. Mr. Barton H. Wise and perhaps others will represent the Botchers. Besides these, it is expected that others will be present, and in all, it will be a great day for politics. It is expected that a number of persons from Manchester will go out. One of the most encouraging bits of political news heard here lately is reported by Mr. Grotzinski, the recently-elected member of the City Democratic Committee from the First Ward. This gentleman has just received a letter from his brother, who lives in an Ohio county near Toledo, in which the writer says that his county will most assuredly go Democratic by from two to four thousand majority. This county has always given a decided majority to the Republicans. Mr. Grotzinski's brother states further that this is not the status of affairs alone in his county, but that the fever is spreading, and we may look for a big surprise in the shape of a Democratic majority from the entire State of Ohio on November 3d.

## MEETINGS TO-DAY.

The regular monthly meeting of the Little Gleaners' Society of Oak-Grove Mission, will be held this afternoon at 2 o'clock. The meeting is a very important one, and all are requested to bring Gospel Hymns, Books No. 5 and 6.

The regular services will be held at Leader Hall this afternoon at 2 o'clock. Professor Smith will be the speaker of the occasion, and has been chosen as his subject, "Gold and Silver."

The Ladies' Hand Society of the Baltimore-Street Baptist church had a reunion Friday night at the church. After some routine business had been transacted, the following officers were elected: Mrs. Charles H. Sharp, president, and Mrs. William Hubbard, secretary and treasurer. After the business meeting, the members related to the lecture-room, where supper was served and an excellent musical programme was given by Mr. Edward Burton, Miss Mosselle Greer, Mr. James Jewett, and Mrs. W. C. Rice.

The Woman's Christian Temperance Union ladies of Manchester have secured the services of Miss Elizabeth Upham Yates to deliver an address at Central Methodist church to-night at 8 o'clock. Miss Yates is a national lecturer, and is represented to be one of the ablest and most attractive speakers upon the platform in this country, and is said to possess unusual oratorical gifts. To her natural endowments are added broad culture, varied experience, and extensive travel. She is a graduate of the Boston School of Expression, and has been a pupil of Mr. Cowell C. Moore, the famous reader and Browning interpreter. Miss Yates lectures on a variety of subjects, and always edifies and delights her audience, as the press commendations in all the cities in which she has spoken testify.
